

TRANSFERNOW FOR CONSUMERS

Third Party Transfers

CashEdge has expanded its TransferNow™ for Consumers Product Suite to include Third Party Transfers. TransferNow Third Party Transfers enables financial institutions to offer their customers secure funds transfer services from their customers directly to third parties, including friends and family, with accounts at any of more than 23,000 financial institutions, including most banks in the United States. This capability enhances an institution's online offering, improving customer engagement and loyalty while also enabling a new transaction-based revenue stream.

Third Party Transfers is part of CashEdge's industry-leading TransferNow for Consumers Product Suite. As with all TransferNow modules, it leverages industry-leading identity authentication tools that satisfy all business, risk and compliance requirements, thus enabling customers to safely transfer money from their bank accounts to those of others.

Key Features

Easy Transfers – Enables consumers to quickly and easily transfer funds from their bank accounts to the accounts of third parties, including their friends and family.

Multiple Settlement Options – Provides the financial institution with multiple configuration options, including the ability for them to provide their customers with next-day and three-day settlement.

Convenient Transfer Options – Offers multiple transfer options, including one-time, recurring or future-dated transfers. Flexible configuration options enable financial institutions to match their current user experience paradigm for internal transfers and bill pay.

Real-Time Customer Authentication – Facilitates enhanced real-time customer verification using knowledge-based authentication, to enable risk-managed payee setup.

Optimized Payments Operations – Handles all aspects of ACH processing, including exceptions, resubmissions, and inquiries, and features five daily ACH submissions and the latest ACH deadline in the industry.

Flexible Architecture – Enables seamless and tight integration with a financial institution's existing processes and online banking environment.

Regulation Compliance Assistance – Enables financial institutions to comply with applicable regulations including EFTA, CDD/KYC and the U.S. Patriot Act. TransferNow Third Party Transfers also meets the industry standard for maintaining the security and privacy of sensitive consumer data.

Simple Upgrade from TransferNow Me-to-Me Transfers – Provides a seamless transition from TransferNow Me-to-Me Transfers, which allows users to make transfers across their accounts. Upgrading to TransferNow Third Party Transfers requires only minor modifications to the user interface and adjustments to the back-end.

Comprehensive Risk Management – Provides access to best-of-breed risk management tools and databases, delivering the most powerful risk management and transaction monitoring capabilities in the market.

“**79%** of consumers are likely to use online funds transfer services to send money online to someone they know instead of writing a check, sending them a check via online bill pay, or using cash.”

– CashEdge Consumer Survey, 2008

Consumers used CashEdge to process more than **\$38 Billion** in online funds transfers in 2007.

TRANSFERNOW FOR CONSUMERS

- Simple, fast and cost-effective implementation
- Web service or fully-hosted solution
- Highly scalable and flexible infrastructure
- Comprehensive risk management capabilities
- Easy upgrade for current TransferNow for Me-to-Me Transfers clients

About the TransferNow for Consumers Product Suite

TransferNow for Consumers solutions are built on CashEdge's highly flexible and scalable money movement architecture. CashEdge was a pioneer in the industry when it launched its initial TransferNow product, which enables a consumer to transfer money into and out of his or her bank accounts held across multiple financial institutions. The initial product was launched in 2000 and is currently used by hundreds of financial institutions and millions of end users. TransferNow Third Party Transfers leverages this same technology and functionality to enable money transfers not only across financial institutions, but also across multiple people.

About CashEdge

CashEdge is the leader in intelligent money movement services that enable financial institutions to engage customers in new ways. CashEdge's services provide a single point of access for multiple easy-to-use consumer and small business transfer routes, including account funding, account-to-account transfers, social payments and small business payments and invoicing. CashEdge has been ranked by Inc. Magazine as one of the 500 fastest growing private companies in the U.S. for three consecutive years and serves hundreds of leading financial institutions, including 24 of the top 100 banks and 20 of the top 100 credit unions.

Third Party Transfers

Fast, easy and secure online funds transfers:

- Send money to family members
- Pay back friends
- Pay the babysitter
- Make rent payments to landlord
